Try the Marshmallow Challenge!

1) You need:

- 20 sticks of spaghetti
- 1 marshmallow
- 1 meter of tape
- 1 meter of string

2) Rules:

- 3) Each team has four people.
- You 4) have to build the tallest tower in your class.
- The marshmallow 5) must be on top.
- The tower 6) must stand by itself.
- The time limit is 15 minutes.

7) This activity is good for:

- Building Relationships
- Solving Problems
- Thinking Creatively

8) How did you do the marshmallow challenge?

Every 9) team does the marshmallow challenge differently.

Let's look at some examples.

Which one do you like best?

TEAM A 10) Think before you act.

We had many good ideas.

11) We talked about each idea in detail.

It 12) was not easy for us to choose the best idea.

Suddenly the teacher said, "Five minutes left."

In a hurry, 13) we taped the sticks of spaghetti together.

Then, we **14)** wrapped the string around them.

15) The string got stuck to the tape and it was a big mess.

16) With one second left, I put the marshmallow on top!

TEAM B **17)** Just do it.

We **18)** didn't spend much time on planning.

All the members **19)** started building the tower right away.

Our first tower **20)** looked like a tent.

It wasn't very tall.

We tried again.

The next tower **21)** was tall but it couldn't stand by itself.

After many tries, **22)** it was possible for us to build a beautiful and tall tower.

23) It looked like the Leaning Tower of Pisa.

24) We finally made what we wanted!

TEAM C **25)** We're one team.

We didn't **26)** try to choose the best idea.

27) Instead, we **28)** took a good idea and improved on it.

One student said **29)** we needed a strong base.

Another student **30)** suggested a triangle shape for the base.

We all **31)** agreed and divided up the roles such as time checker and tape cutter.

We **32)** worked together as a team.

교과서 3과 Paint a Better Tomorrow

Hi. My name is Homin. 33) This is me in front of the wall painting. The wings are pretty, 34) aren't they? Many people 35) like to take pictures in front of wall paintings. 36) They make old neighborhoods bright and new.

Last month, I visited a village with wall paintings in Yeosu. As I was taking a picture, 37) a light went on in my head. I thought, "I'm in the school art club. 38) Why don't we do wall paintings like these?" I suggested this idea at the next club meeting, and the members loved it.

We found 39) a teen` volunteer project on the Internet. The project 40) was to do a wall painting in our neighborhood. 41) We applied for it, and two weeks later, 42) our club was selected!

43) The day of the project finally came. The project manager 44) had us meet at the painting site at 9 a.m. The wall was in very poor condition. There were 45) strange writings and drawings on some parts. Other parts had old posters on them. We 46) removed the posters first and painted over the writings and drawings with white paint.

The manager 47) let us paint anything we wanted. We decided 48) to paint something cute because the wall was near an elementary school. We 49) divided into three groups and began painting. I was in the group with Minsu and Jiwon. I chose my spot and 50) started to paint my favorite movie character. Minsu painted some flowers and Jiwon 51) did some background drawings.

Our club 52) painted for about five hours. After we finished, we 53) got together and shared the day's experiences. Minsu was 54) very proud of his flower painting. He said, "55) My flower is so real that a bee landed on it." I said, "56) Drawing on a wall was much harder than drawing on paper."

We all agreed that 57) our wall painting wasn't perfect. But 58) it didn't matter. We made our neighborhood 59) a little brighter and happier. We 60) were proud of ourselves. We didn't just paint pictures on a wall that day. 61) One More! It was a better tomorrow that we painted.
